

Thank you for choosing Customsublimation.com for your custom jersey design. The panels below show the pieces we have created to assemble your custom jersey. We cannot continue with your order until we hear from you and get approval on your design. If you approve of this design, print this file, fill out the information below and fax or mail it to us at the address below. If you have additional changes, please give us a call.

A note about color matching - What you see on your screen might not be what we see on ours. Every computer monitor has its own color settings and while we would like to guarantee a perfect match to ours, driving to your location would take time and cost you a bundle. We recommend that you print this page on a quality color printer, as printed output tends to be more accurate.

A note about artwork - It is illegal to use copywrited or trademarked material without written permission of the registered owner. By signing below you guarantee that you have written permission for use of such artwork and that you will be responsible for any and all reprimands that could occur for unauthorized use of such materials.

By signing below you are giving Customsublimation.com the approval to complete your order by manufacturing your custom jersey design. Please make sure you have carefully review the entire design before signing/sending this approval form. Thank you.
